

Ski Recycling in Washington!

This is the 3rd year for a ski recycling program in the Seattle/Bellevue/Everett area. Hundreds if not thousands of skis are tossed in the landfill every year in the greater Seattle area. This program finds new uses for those skis since they cannot be recycled by the typical process due to the complexity of their construction. If you have old skis or snowboards, recycle them at one of the collection sites below:

- **Sturtevant's** (13131 NE 20th Street, Bellevue, 425-454-6465)
- **Seattle Ski & Snowboard** (14915 Aurora Ave N, Shoreline, 206-548-1000)

If you have a use for large quantities of old skis, contact Brian Geppert (SkiArtistry.com) to be added to the registry of ski re-purposers.
